Appendix 8: Total Accidents Rate 2004-2010 per 1000 Employees

The chart shows the total accidents rate per thousand employees from 2004 to 2010. The rate decreases over time, with a linear trend line indicating a consistent decline.
Appendix 9: RIDDOR Reportable Accidents Rate 2004 - 2010 per 1000 Employees

![Graph showing the RIDDOR reportable accidents rate from 2004 to 2010. The rate decreases linearly over the years.]
Appendix 10: Minor Accident Rate 2004-2010 Per 1000 Employees

The graph shows the minor accident rate per 1000 employees from 2004 to 2010. The rate decreases over the years, indicating a reduction in minor accidents. The data points are connected by a line graph, with years on the x-axis and rate per thousand employees on the y-axis.
