

Appendix 1 - The benefits framework for the ICPT programme as a whole

Vision	Benefits	Impacts	Sub Impacts
<p>ICPT Vision</p> <p><i>“the right information to the right people at the right time to make intelligent choices”</i></p> <p>Seeing the full picture</p> <p>Shared information</p> <p>Shared good practice</p> <p>Simpler access</p>	<p>Increase in public confidence in the police and feelings of public safety</p>	<p>More effective maintenance of service in the event of a major incident</p>	<p>Improve availability of officers and staff to police large events and incidents without knock-on effects</p>
		<p>More adaptive services to respond to changes to demands placed upon MPS</p>	<p>Improve the flexibility of intelligence officers and staff to carry out a variety of tasks</p>
		<p>More consistent performance against service standards</p>	<p>Work is carried out by the most appropriate people in the most appropriate way from the most appropriate place</p>
			<p>Less time wasted moving between multiple systems</p>
			<p>Increased identification of job applicants who have the potential to cause harm</p>
			<p>Reduction in the number of breaches of RIPA and Police Act authorisations</p>
	<p>Improvement in the use of intelligence products to task resources</p> <p>Reduction in crime and increase in detections</p>	<p>Improvement in the use of intelligence products to pre-empt emerging threats</p>	<p>More timely response to requests for information, intelligence and other services</p>
			<p>Increase in the amount of quality intelligence (including external) available to appropriate MPS officers and staff</p>
			<p>Improved awareness of intelligence available and its potential application</p>
			<p>Increased volume of intelligence products used to take tasking decisions</p>
		<p>More effective and efficient deployment of MPS resources against MPS priorities</p>	<p>Improved development and application of strategic intelligence</p>
		<p>Increase in the amount of quality intelligence available to other forces, agencies and partners</p> <p>Improved application of covert operations</p>	<p>Clearer understanding of the corporate plan for improving performance in each priority area</p>
			<p>Improved tasking of MPS resources against priority problems</p>
			<p>Improved evaluation and response to external bids for MPS response</p>
	<p>Productivity gains and unit cost reductions</p> <p>MPS officers and staff proud to deliver quality services</p> <p>Decisions on intelligence, covert policing and tasking are based on logic and MPS values</p>	<p>Reduction in effort and cost of assets required to deliver service</p>	<p>Increased quality of responses to external requests</p>
			<p>Increased timeliness of responding to external requests</p>
<p>Improved tasking of covert assets</p>			
<p>More consistent performance against service standards (repeated from above)</p>		<p>Improved awareness of covert opportunities</p>	
<p>More consistent performance against service standards (repeated from above)</p>		<p>Improved tasking of the most cost-effective assets for a given need</p>	
<p>More consistent performance against service standards (repeated from above)</p>		<p>Similar requirements met just once</p> <p>Reduction in duplication and overlapping capacity</p>
