Weightings within Demand component

Timeline

8.5% **Phase 4**

Post charge activity

e.g. Case file preparation, attending court.

Measure: Numbers of cases weighted according to case disposal (caution/ charge etc.), and case type in the case of charges.

Phase 3

10%

Arrests/ prisoner processing activity

e.g. Execution of arrest warrants, premises search, prisoner interview.

Measure: Numbers of arrests weighted by offence type (e.g. rape, theft shoplifting, drunk and disorderly). **Source:** Custody numbers.

Phase 2

36.5%

Investigation of crime

e.g. Statement from victim, CCTV viewing, submissions of exhibits to Forensic Science laboratory.

Measure: Screened in crime (i.e. crime that receives a secondary investigation after initial reporting) weighted by crime type. **Source:** Crime reporting information system (CRIS).

Phase 1

45%

Computer Aided Despatch (CAD) and initial police response

Response activity e.g. dealing with disorder such as pub fights, critical incidents (e.g. chemical spillage), reporting missing persons, suspect packages, road traffic accidents, crime reporting and initial investigation.

Measure: Numbers of CADs weighted by CAD type e.g. "disturbance in licensed premises", " vehicle pursuit", "bomb threat".
